

NOTICE

On August 9, 2019, McCreary County Water District (“McCreary District”) filed revised tariff sheets with the Kentucky Public Service Commission that establish new or revised conditions of service for its provision of water and sewer service and an annual fee for industrial user sewer permits. In this filing, McCreary District proposes:

- A customer’s water service may be terminated for nonpayment of bills for sewer service that McCreary District provides to the same address or for failure to comply with McCreary District’s Rules and Regulations regarding sewer service if McCreary District provides the customer with water and sewer service;
- A water service connection must be protected by a backflow prevention assembly;
- The establishment of a permitting system and general rules for the design, installation, connection and inspection of building sewers that are to be connect to McCreary District’s sewer facilities;
- The establishment of pollutant discharge limits for wastewater discharged into McCreary District’s sewers;
- The establishment of industrial pre-treatment requirements and an industrial user permitting system; and,
- The establishment of an annual fee of \$4,000 for an industrial user permit. (An “industrial user” is an industry identified in the Standard Industrial Classification Manual, Bureau of the Budget, 1967, as amended and supplemented, under the category of "Division D - Manufacturing" and such other classes of significant waste producers that have been designated by regulation by the Administrator of the Environmental Protection Agency.)

McCreary District proposes to place its proposed revisions into effect on August 29, 2019. The proposed revisions are not expected to affect any current customer’s monthly bill.

Any person may examine the proposed tariff filings (TFS 2019-00447) and (TFS 2019-00448) at McCreary District’s office at 456 North Hwy 27, Whitley City, Kentucky 42653, Monday through Friday, 8:00 a.m. to 4:00 p.m., or at the Public Service Commission’s offices located at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission’s Web site at <https://psc.ky.gov/trf4/TRFListFilings.aspx?Mode=1>.

Comments regarding the proposed revisions may be submitted to the Public Service Commission by mail to the Public Service Commission, P.O. Box 615, Frankfort, Kentucky 40602 or by e-mail to psc.tariffs@ky.gov.

The proposed revisions are the rate and conditions of service proposed by McCreary District. However, the Public Service Commission may order rates to be charged and conditions of service to be observed that differ from those proposed. Such action may result in rates and conditions of service for consumers other than those set forth in this notice.

KRS 278.180 requires McCreary District to provide the Public Service Commission with notice of the proposed revisions at least thirty (30) days prior to their effective date but permits the Public Service Commission to shorten this notice period to twenty (20) days. In its filing, McCreary District has requested that the Public Service Commission shorten this notice period to 20 days.

A person may submit a timely written request for intervention to the Public Service Commission, P.O. Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the person's status and interest. If the Public Service Commission does not receive a written request for intervention within twenty (20) days of the initial publication of notice, it may take final action on the proposed tariff revisions.
